PRESIDENT SIGNS DISPLACED PERSONS BILL

Chemist Nabbed By FBI Admits Spy Ring Link

Syracuse, N. Y., Man
Gave Explosive
Samples To Gold

SYRACUSE, N. Y., June 16 — (AP)—FBI agents linked a second American suspect today to the Klaus Fuchs spy ring which fed atomic secrets to Soviet Russia.

They declared that Alfred Dean Slack, a 44-year-old Syracuse chemist arrested here last night, had admitted giving samples of a secret high explosive to Harry Gold, Philadelphia biochemist now awaiting trial on espionage charges.

Gold is accused of passing the samples and production secrets on to "his Soviet principal, Semen M. Semenov"—an employee of the Russian Amtorg Trading Corporation who left the U. S. in 1944.

Gold's arrest stemmed from information which the FBI obtained from Dr. Fuchs, flighted British scientist serving a 14-year prison term in England for betraying British and American atomic secrets to Russia.

Slack—a \$75-a-week paint firm chemist—worked during the war years of 1943-44 at Kingsport, Tenn., where the secret explosive RDX was manufactured, and later on the Manhattan atomic project at Oak Ridge, Tenn.

Bail Set at \$100,000
He is now being held in \$100,000 bail in a jail at Knoxville, Tenn. pending transfer to Knoxville, Tenn.

Slack roundly declared he was innocent when interviewed by reporters. Asked whether he knew Harry Gold, he replied: "I don't recall ever knowing anybody by that name."

No plea was permitted at his arraignment before U. S. Commissioner A. Van W. Hancock. He will enter his plea at Knoxville, where the case will be presented to a federal grand jury.

Conviction on a charge of espionage in wartime carries a possible penalty of death.

A salesman for the Sundure Paint Corp., where Slack has been assistant superintendent for several months, pictured Slack as a "quiet, conscientious worker."

Slack said he never had been a Communist.

The company's treasurer, Philip A. Siskind, described Slack as "very capable, never a troublemaker" and a church-goer.

Defendant Is Calm
Slack, dark-haired and of medium build, was calm at his arraignment. He wore a sport shirt and a wrinkled grey suit. FBI agents had questioned him since morning.

The FBI said he had given Gold information and samples while employed at the Holston Ordnance Works in Kingsport.

Gold was arrested in Philadelphia May 23. He is accused of aiding Dr. Klaus Fuchs, convicted British atomic spy serving a 14-year prison term in England.

As World's Pagan City
OCEAN GROVE, N. J., June 16—(INS)—The Rev. George W. Webster, dean of students at the Union Theological Seminary, says that New York "is the greatest pagan city in the world."

Dean Webster said in an address: "Never before in history has such a large number of persons tried to live under the assumption that there is no divine authority of any kind over their lives."

He added that the total membership of New York's churches and synagogues "account for less than half the adult population."

13 Win Nurse Diplomas At Graduation Exercises

THIRTEEN student nurses were graduated from the Salem City Hospital School of Nursing at commencement exercises Thursday night in the Presbyterian Church.

Rev. Harold Ogden, pastor of the church, speaking to the class, relatives and friends, delivered a message of appreciation and inspiration.

Thirteen student nurses were graduated from the Salem City Hospital School of Nursing at commencement exercises Thursday night in the Presbyterian Church.

Rev. Harold Ogden, pastor of the church, speaking to the class, relatives and friends, delivered a message of appreciation and inspiration.

"You're a tremendous moment," said he. "You have a mission unexcelled and an opportunity unsurpassed to make God known to your fellow man. There is the magic of wisdom, love and mercy in this mission."

The president of the hospital's board of trustees, Attorney South Metzger, made the program announcements. Dr. G. E. Byers brought congratulatory greetings from the hospital's medical staff. Superintendent Harold A. Zealley expressed his appreciation of the vision and discrimination exercised by his 13 young graduates in having chosen the nursing profession for their life's work.

Mr. Metzger presented diplomas to the class. Miss Hester M. Willis, director of the school of nursing, gave the pins, after which the class repeated the Florence Nightingale pledge.

Invocation was given by Rev. R. G. Hunter. The class heard two solos by Mrs. Walter Hofmeister, director of the Presbyterian choir, accompanied by Miss Anna Cook, church organist.

Scholarship awards were made as follows: Academic, to Miss Lola Jean Cady of Berlin Center, by Albert Hanna on behalf of Kiwanis Club; surgical nurse, to Miss Ella B. Stoneman of Youngstown, by Donald Cannon on behalf of Lions Club; personality, to Miss Ruth Keller of Columbiana, by Attorney Charles McCormick on behalf of Rotary.

At a reception in the church social hall after the ceremony, Mrs. Burt Leeper and Mrs. Andrew MacLeod presided at the refreshment table.

Two AWOL Soldiers
Taken By Authorities
Two AWOL soldiers from Fort Bevin, Mass., who were arrested last Sunday on charges of driving a stolen car and failing to pay for gas they bought at the Siloam service station on Route 62, just west of Salem, were turned over to Worcester, Mass., police Thursday.

The soldiers are John Reed and Roscoe Powell, both 18 years of age. The car they stole bore Worcester license plates. The youths were apprehended by the State Highway Patrol.

McCarthy Got \$10,000
For Lustron Article
COLUMBUS, June 16—(AP)—A rough word count today showed U. S. Sen. Joseph R. McCarthy (R-Wisconsin) received more than \$1 a word for writing a special article for the defunct Lustron Corp.

The article—"Wanted: A Dollar's Worth of Housing For Every Dollar Spent"—covered 37 pages of a 94-page Lustron booklet entitled "How to Own Your Own Home."

The article contained about 8,000 words. Lustron paid Senator McCarthy \$10,000 for it.

"I just sold to the highest bidder," said the Wisconsin Republican.

McCarthy's writing does not set any precedent. Many congressmen and other high government officials have written magazine articles and books and have received payment for them.

McCarthy says the material for the Lustron article was gathered during a 30,000-mile tour of the nation as vice chairman of a joint congressional committee investigating housing.

3 Powers Study Ruhr Problem

U. S., Britain, France
Join For Conference

LONDON, June 16—(AP)—British, American and French talks will open here June 26 to prepare for a September conference of foreign ministers on the future of Germany.

The French were reported to have suggested that the three powers make a special examination of the workings of the Ruhr Valley Authority, the international body which controls production and distribution of coal and steel from the industrial valley.

The discussion, however, would raise questions about the plan of French Foreign Minister Schuman to integrate European coal and steel. The British have refused to join discussions of the Schuman plan, and may suggest that talk on the Ruhr Authority be abandoned until later.

The three-power discussions will get under way here six days after France, Western Germany, Italy, Belgium, the Netherlands and Luxembourg have started negotiations on the Schuman plan in Paris.

Sir Donald Gainer, new head of the German section of the foreign office, is expected to be Britain's chief spokesman at the talks here. Ambassador Lewis Douglas of the United States and Rene Massigli of France probably will represent the other two powers.

German debts and reparations owing for World War I may be reopened.

Revision of the occupation statute under which the Big Three control Germany will be taken up. This question was left over by the three foreign ministers at their conference here in April.

Elusive GI Found In Girl's Apartment

MUNICH, Germany, June 16—(AP)—Police caught Homer Cook today under the bed in his German girl friend's apartment, three days after the ex-soldier's third escape from a U. S. army jail.

"I broke out of jail to see my girl," the husky ex-pugilist from Muskogee, Okla., told his captors as he meekly surrendered.

Two American military policemen and a German cop arrested the 26-year-old Cook in Munich after receiving a telephone tip.

"You don't have to use your pistols on me, boys," the rangy fugitive from 16 army charges said.

His German girl, Anna Sporer, was absent from the apartment as Cook was seized. His escapades had started when he reentered Germany illegally, after a bad conduct discharge from the army, to see her.

Charged with entering occupied Germany illegally, resisting arrest, possessing firearms and impersonating a federal officer, Cook twice before had escaped from the army. Both times he was recaptured.

Virginia Home Fire Brings Death To Five

STAUNTON, Va., June 16—(AP)—Five persons perished in a fire that destroyed the rural home of Charles Weaver three miles east of this central Virginia city today.

James Weaver, 33, of Fishersville, identified the dead as:

His brother, Charles, 41; their father, William Weaver, 84, and Charles' three children, Tommy, 11; Kathleen, 18, and Louise, 17.

The two-story frame structure burned to the ground and only the chimney was left standing. Hyde Kerr, Augusta county fire chief, said the bodies were found close together in the ruins.

Soviet's Trieste Plea Rejected

U. S. Won't Agree To
Internationalization

WASHINGTON, June 16—(AP)—The United States has emphatically turned down Russia's demand that Trieste be internationalized.

In a note delivered to Moscow today, the American government also refused to pull out U. S. Army troops stationed in the Trieste area.

State Department officials said the British and French governments has sent similar rejections to Russia.

Russia had contended in a formal note April 20 that the United States, Britain and France were violating the Italian peace treaty by holding up plans to internationalize the Adriatic city and its surrounding territory.

The American note rejected the peace treaty violation charge and added that the U. S. feels Trieste's future can best be settled by direct agreement between Italy and Yugoslavia.

The note said "The Soviet government's last intervention in this question was obviously designed to sow confusion and impede such mutually satisfactory agreement and hence injure the cause of peace."

Yugoslav troops now occupy part of the territory known as Zone B. American and British troops occupy the city of Trieste and surrounding area, called Zone A.

Committee Asks Spending Slash

Report Cites Danger
Of U. S. Inflation

WASHINGTON, June 16 — (AP)—Warning that there are dangers of inflation, the senate-house economic committee has raised a demand for "relentless" cuts in the government's in-the-red spending.

The committee issued a report yesterday signed by its eight Democrats, while the six Republicans on the group presented a separate finding of their own.

Even the Democrats failed to endorse President Truman's plea for a net increase in taxes. They did ask for some excise tax cuts, and said also:

"In years of such booming business as currently is causing prices to boil up in an inflationary manner throughout the economy, this government should not be incurring deficits."

Mr. Truman asked last January for cuts in excise, to be balanced by additional revenue from other sources—plus an additional billion dollars, mainly from higher corporation taxes, to help trim the federal deficit.

Except possibly to boost the morale of the congressional economy bloc, the committee's report was expected to have little effect on legislation, for these reasons:

1. For the third straight year, the advisers of congress on economic matters divided on strictly political lines.

2. The report was 3½ months late; it was due on March 1. By this time it cannot sway many votes.

3. The Democratic majority took no flat stand for or against any of Mr. Truman's specific proposals, though Chairman O'Mahoney said its report, "broadly speaking, endorses the objectives of the President's message."

Senator Taft, top-ranking GOP member, said Republicans could agree with most of the economic findings of the majority, but could not endorse a White House message "which is predominantly political."

Hot, Humid Weather Due To Be Broken Up

CHICAGO, June 16—(AP)—It was warm and humid again today over most of the eastern and southern parts of the country but some cool air was moving in to the north central states.

The cool Canadian air sent the mercury tumbling 10 to 20 degrees as it spread over Montana and the Dakotas. It headed southward into Minnesota and Iowa, bringing relief from the hot, sticky weather.

There were a few wet and windy spots today. Thunderstorms hit in the middle Mississippi valley during the night and moved eastward into northern Indiana and northwestern Ohio early today.

Thunderstorms in Chicago were attended by winds which reached a velocity of 57 miles an hour for a short period. Thunderstorms also were reported in the western great plains, parts of Minnesota and the northern Rockies.

One of the top readings yesterday was 105 at Phillipsburg, Kas.

Basing Point Bill Vetoed

Presidential Action
Kills Pricing Plan

WASHINGTON, June 16—(AP)—President Truman today vetoed the basing point bill—a measure that would have guaranteed individual businessmen the right to absorb freight charges and sell their products at uniform delivered prices.

In a message to the senate, Mr. Truman said he was convinced the bill would "obscure, rather than clarify," existing laws relating to pricing practices.

It was the second controversial measure vetoed by the President in recent months. Both the disputed bills widely split Democratic ranks. The first was the Kerr natural gas bill which would have freed independent gas producers from federal regulation.

The basing point bill was intended to define the application of the Federal Trade Commission Act and the Clayton Anti-Trust Act to certain pricing practices.

The legislation would have permitted sellers to discriminate in prices to customers to meet competition in "good faith," and in the absence of conspiracy, collusion or fraudulent practices.

The bill stemmed from a 1948 Supreme Court decision in the Cement Institute case. The court's decision outlawed the industry's multiple basing point pricing system, holding that the practice of freight absorption adopted by conspiracy, was illegal.

Language used by the court in connection with the decision was widely interpreted as outlawing all freight absorption. This led to demands that Congress clarify the anti-trust laws.

136,000 More DP's To Enter United States

Legislation Extends
Program One Year;
Privileges Broadened

WASHINGTON, June 16 — (AP)—President Truman today signed legislation opening America's doors to an additional 136,000 displaced persons.

The measure revises a 1948 law, expiring June 30, that authorized the entry of 205,000 DP's—persons driven from their homes by two wars. It extends the program for another year and increases the number of eligible for admission to 341,000.

Upward of 153,000 displaced persons have already come to the United States to make their homes.

In addition to increasing the total of displaced persons who could become U. S. residents under the program, the new law also provides for the admission of:

5,000 Orphans Included

(1) 5,000 war orphans from the free countries of Europe and Turkey who are adopted by American parents.

(2) 54,744 persons of German ancestry—double the number in the 1948 act—who were driven from their homes in Czechoslovakia, Poland, Romania and other eastern European countries after the Potsdam agreement of 1945.

(3) Up to 15,000 refugees who entered the United States prior to April 30, 1949, on temporary visas. To remain here, they must make application to the attorney general and get consent from him and congress.

The new measure also wipes out certain provisions of the original law that brought charges by President Truman and others that it discriminated against Catholics and Jews—an issue in the 1948 elections.

One charge erases the requirement that 30 per cent of the DP's be farmers and that 40 per cent be from the Baltic States.

Another advance from Dec. 22, 1945, to Jan. 1, 1949, the date by which DP's from eastern Europe must have entered Germany, Austria or Italy in order to be eligible to enter the United States under the DP program.

Job Assurances Needed

Of the 341,000 DP's made eligible for admission, 301,500 fall in the general category of displaced persons under the care of the International Refugee Organization (IRO), a United Nations agency to which this country contributes.

The rest include 18,000 former Polish soldiers now in the British Isles; 10,000 Greeks, of whom 2,500 must be closely related to American citizens; 2,000 refugees from the Venezia-Giulia area of the Italian peninsula ceded to Yugoslavia by Italy after the war.

All adult refugees must take an oath on arrival they are not and never have been a member of the Communist party or any organization hostile to the U. S. form of government.

Another new requirement is that job assurances, which are a requirement, may be given only by U. S. citizens.

Salem Boys State Delegates Are Active

CAMP PERRY, June 16—Senators at the annual American Legion Buckeye Boys' State want Congress to slash expenditures, but they don't want any cuts in national defense funds. The resolution adopted by the youths yesterday also asked congress to reject legislation that will "prove socialist or bring the welfare state upon the nation."

More than 1,000 Ohio high school juniors and seniors are attending the 10-day camp to teach good government.

The four Salem delegates to the Boys' State are participating in the wide range of political and social activities. Jim Hurlbut has been appointed assistant director of the State Department of Welfare "with a desk and big chair in the capital." Jim Callahan is the auditor in one of the city governments. Bob Coy is enjoying the basketball games and Dick Brautigam has not written home to tell of his activities.

Canfield Fair Plans Made

Improvements Made At Mahoning Site

CANFIELD, June 16 — "The Place To Show What You Grow And To Share What You Know" is the motto for the 1950 Canfield Fair.

The annual event, less than three months away, will be even bigger and better than in the past, according to plans being made by department supervisors.

At the recent fair board meeting held at the Ellsworth Presbyterian church, George Bishop, superintendent of grounds and buildings, said improvements will total approximately \$10,000. A new floor will be put in the Horticultural building. The race horse barn is to be remodeled for ponies, and a dining room is under way. The cinder track west of the grandstand will be leveled to make a midway leading to the 4-H Club building.

The sheep shearing contest is expected to draw a large number of contestants. Indications are that there will be a large show of dairy and beef cattle from Northeastern Ohio herds. A new feature will be holding the 4-H Club steer sale in front of the grandstand. Mahoning county fruit growers' peach and apple exhibits will be judged by C. W. Ellenwood, secretary of the state Horticultural Society.

Because of a larger number of 4-H clubs organized and increased enrollment in older clubs, more 4-H exhibits are planned by J. C. Hedge, county agricultural agent, and his assistants, Helen Frock and Robert Hammett. Style reviews and demonstrations of various kinds will be held throughout the fair.

A 4-H Club tractor rodeo will be held for the first time. The young operators will maneuver their tractors over an obstacle course consisting of narrow gates and barn doors and will back into a shed. A hay show will be an added feature.

Officers elected by the Junior Fair Board are: President Dale Kitzmiller of Smith township; vice president Ivan Snyder of Austintown township and secretary-treasurer Margaret Miskimins of Goshen township.

Vernon Crouse, president of the fair board, said all children 12 years of age or under, will be admitted free.

Dairy Maids
The Meadow Brook Dairy Maids of Mahoning went on a tour with Stark, Portage and Columbiana county clubs. After the judging of Jerseys and Holsteins at the E. D. S. T.—G. F. Howard Farm No. 2 on the Lettingwell road, the guests had lunch there. The Paul Warrington farm, east of Damascus, was also visited. The next meeting will be at the home of Ruth Alice Malmsberry Tuesday, June 27.

New Garden Junior Farmerettes
Beverly Seirs gave a report on the officers and advisors meeting at Lisbon when the New Garden Junior Farmerettes met at the New Garden Church Tuesday. Members decided to camp for a week in August at Dunn Eden Lake. Lunch was served.

4-H boys and girls are sponsoring a strawberry festival June 23 at the church. The next meeting will be Tuesday, June 20, at the church.

Hanover Wide-Awakes
Gene Steller, vice president, was in charge of the meeting of the Hanover Wide-Awake 4-H Club Tuesday in Hanover school. Carol Richey substituted for the secretary.

After the club pledge and a group song, the "Keep Ohio Green" stamps were distributed. Advisors C. P. Kelton and Harold Lang explained the 4-H health plan. The next meeting will be on Tuesday, July 11.

Butler Sew Merrily
Associates of the Butler Sew Merrily 4-H Club discussed business matters when they met at the home of Barbara and Nancy Stamp. Lunch was served by Mrs. Stamp. The next meeting will be at the home of Mary Jane Coffee at 7 p. m. Wednesday, June 28.

GOP In Accord On Campaign

Senatorial Nominees Have 4-Point Issue

WASHINGTON, June 16—(AP)—Republican senatorial candidates appeared agreed today their best campaign issues involve alleged Communists in government, the Brannan farm plan, deficit spending and proposed excise tax cuts.

These four emerged as major talking points in a survey made by the GOP senatorial campaign committee and National Chairman Guy G. Gabrielson. The survey covered primary election results in Iowa, South Dakota and California.

Millikin Takes Stand
Senator Millikin of Colorado, who heads the conference of all GOP senators, told a reporter he will dwell on those points in his own campaign for re-election. He said other Republicans whose seats are at stake this year generally are of the same mind.

Assured of renomination, Millikin is expected to be opposed by Rep. John A. Carroll (D-Colo.). Millikin's handling of the explosive Communists-in-government issue also may become something of a pattern for Republicans who aren't closely identified with the investigation of charges made by Senator McCarthy (R-Wis.).

In campaign speeches, Millikin has said that while McCarthy may not always have been as meticulous as possible in making his charges, he, Millikin, is convinced the Wisconsin senator is "trying to clean up an unwholesome mess in Washington and is being obstructed in doing it."

3 Others At Variance
However, three of the 13 Republican senators whose seats are at stake this year signed the "declaration of conscience" prepared by Senator Margaret Chase Smith (R-Me.). This declaration said Democrats were guilty of house

Board Urges Hike For R. R. Yard Crews

WASHINGTON, June 15 — (AP)—A presidential board yesterday recommended a 40-hour week and an 18-cent hourly pay increase for about 75,000 railroad yard service employees. It recommended denial of wage boosts for about 125,000 trainmen and conductors.

The emergency board filed its report with President Truman. Such recommendation usually are the basis for settling rail labor disputes.

The railroads and two unions involved—the Brotherhood of Railroad Trainmen and Order of Railway Conductors—now have 30 days in which to negotiate under the Railway Labor Act before the unions could take strike action.

LIMA, Peru, June 16—(AP)—At least 40 persons were believed today to have been killed in a two-day revolt during which rebels captured most of the city of Arequipa.

The government announced loyal troops, moving into the city, had put down the revolt. The government blamed Communists for the uprising.

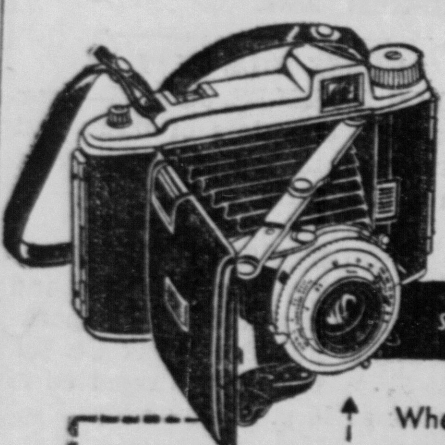

SEEK TO RECOVER \$9,119
WARREN, June 16—The state of Ohio is seeking in Trumbull county common pleas court to recover \$9,119 it charges William H. Adams and his wife, Rose, of Niles, received illegally as payments from Ohio Division of Aid For the Aged.

Attorney General Herbert Dufy filed the suit yesterday, and petition alleged Adams and his wife drew state aid for 10 years during which he was a part-time employee at a Niles city warehouse.

Doyle Resigns As Head Of Alliance Concern

ALLIANCE, June 16 — Disagreement among stockholders of Alliance Manufacturing Co. were highlighted today with resignation of R. F. Doyle who has headed the firm since 1946.

The company, which employs about 600 and currently is engaged in producing television equipment, has a stockholders meeting scheduled for June 26 to consider informally a merger with Atlas Tack Corp. of Fairhaven, Mass.

Sherman Bowles of Springfield, Mass., president of Atlas Tack,

was named to succeed Doyle.

In announcing his resignation in New York, Doyle said that since Bowles acquired controlling stock in the local firm two years ago "policies have been in-

stituted which have been inconsistent with my 24 years association with the Alliance Manufacturing Co."

Mr. and Mrs. Wilbur Orr and family have moved from the Deville property on the Woodsdale road to the Emmanuel Wesleyan school where he will be caretaker for the summer.

Rev. Willis Miller will leave Thursday for Georgetown where he will conduct a 10-day series of revival meetings at the Friends Church there.

Mr. and Mrs. John Rudeback are the parents of a son born Tuesday at the Salem Central Clinic. He has been named Ronald L. Rudeback. Mrs. Rudeback is the former May Price.

Mrs. Mary C. Steer of Barnesville was a guest Sunday of her sister, Mrs. Emily Satterthwaite. She was honored by a dinner at the home of Mrs. Sina Megrail Monday.

Mrs. Steer will accompany her son and wife, Mr. and Mrs. James Steer, of North Lima to Rhode Island where they will attend the wedding Saturday of Mrs. Steer's granddaughter, Miss Mary Foster, and Christopher Cadbury. The young people were both teachers at the Friends Boarding School.

The Friends parsonage was the scene of a buffet dinner held by the Anna Nixon Society, honoring three of their members, June 6. Those honored were Misses Mildred Denkhous and Joan Creighton, who graduated from high school recently, and Miss Martha Hendershott who will become the bride of David Miller Saturday.

The group presented the honorees with gifts. Mrs. Harold Winn of Salem gave a talk.

The combined Friendly Friends and Win-a-Friend classes of the Friends Church met Friday evening with Mr. and Mrs. Elmer Alt-house. A ball game, a wiener roast and an educational film were enjoyed.

Atomic Ideas

WILLIAM BENTON, U.S. Senator from Connecticut and a former advertising agency executive, has pointed out that the budget for the Voice of America is less than the sum which a single soap company spends on advertising. Senator Benton thinks the government is being prudent in the wrong place. He evidently believes a few millions spent on ideas—atomic ideas, if you please—would be the equivalent of billions for atomic bombs.

This is an old issue in Congress, the amount of money to be spent each year on influencing foreign opinion. Many suspect the money is wasted because there are no instantaneous results. Others suspect it is the only kind of cold war-spending that makes sense. For example, U.S. newspapers are receiving a letter now from Movimento Pro Federazione Americana (American Federation Movement) with headquarters in Bogota, Colombia. The letter contains this paragraph: "The only alternative to the Communistic solution presented by Russia would be a constructive program definitely of free enterprise implemented with strong action and courage to overcome all kinds of prejudices and timidity that oppose or reform it until the point to make it ineffective."

If the government of the United States believed in free enterprise strongly enough to have no further room for doubt, it would not be necessary to worry so much about the acceptability of its product. No soap company would expect to stay in business if it knocked its own product. That is a form of folly reserved for politicians.

Lancaster's Sense Of History

PUBLICATION of a 400-page edition of the Lancaster Eagle-Gazette to mark the 150th anniversary of Fairfield County is noteworthy for two special reasons.

One is the tremendous enterprise which lay behind so large an edition. R. Kenneth Kerr, publisher of the Eagle-Gazette, has earned the admiration and the awe of his newspaper associates everywhere by this ambitious project. It reveals that high concept of newspaper duty and privilege which is one of the most precious things in the publishing tradition.

The other is the manifestation of Lancaster's sense of history. The Eagle-Gazette's anniversary edition is not only a recapitulation of the history of Fairfield County, it also is a comprehensive view of the present. Historians find in such newspapers a treasure house of information. Full credit belongs to all whose painstaking toil in the vineyard of newspaper files makes the information readily available.

Attrition—Out Of The Money

THE SENATE Commerce Committee's statistical study of gambling points up a well known but systematically ignored fact—that the late Damon Runyon was right when he moralized, "All horse players die broke."

They die broke because of what the committee calls "attrition," a fancy word describing the fantastic but unknown lengthening of the odds against the better. Whereas he thinks of his \$2 bet as a lump sum representing his chances to beat the odds, only a fraction of his \$2 represents his net chances. All expenses of the racing operation are taken out of the potential payoff. The bookmaker's expenses aid, plus taxes, fees and so on. When this process of attrition has run its course, a factor of such extreme importance that some bookmakers have been known to rebate as much as half a customer's losses if he will do all his betting with the same bookie. That's why Runyon's adage was and always will be sound. But it is offset by another adage: Hope springs eternal. The gambling problem, insofar as Congress is concerned, is whether or not hope should be permitted to support big-time gambling in the style to which its operators have grown accustomed.

Don't Go Near The Water

THIS IS a guess that the Intercollegiate Rowing Association's regatta on the Ohio River at Marietta will cause shell-racing to be added to the sports curriculum in at least one major college in Ohio, probably Ohio State. Marietta College is the only Ohio college interested in this sport at present, but Marietta is too small to be able to compete with the other members of the association.

What is behind such a guess? Simply a hunch that Ohioans won't be able to concede without galling resentment that there is a sport in which their young men can't be better than the best. Many Ohioans will see shell-racing for the first time, now that the annual regatta of the Intercollegiate Rowing Association has been moved to its new location. Once will be enough.

The Buckeye State will be prime territory for racing-shell salesmen after June 17.

American Guard's Campaign Paid Off

ANDERSON, IND. WHEN ORGANIZERS of the Anderson American Guard decided to launch their good government movement to clean up local political conditions, they figured that the cost of educating the voters and arousing public interest would be about one dollar per head. Madison County has a population of about 100,000. That meant a budget of \$100,000 for a 15-month period—October, 1949 to December, 1950. This would carry them through the May, 1950 primary and the November election.

Actually, the Guard's executive director, young C. O. "Chuck" Harbaugh, says it has operated on something less than that. He estimates costs will be about \$75,000. Most of this has gone for printing, newspaper advertising and radio time.

The Guard's staff, in addition to the \$12,000-a-year director, includes a research director, an auditor, a publicity man, two secretaries and a messenger. Headquarters is in the first floor of a big old frame house a few blocks off Main Street. It has a neon sign to make clear its location and its open operations.

The dues were put at \$5 per family unit. The Guard now claims a membership of about 4000, in about 2500 family units. That means about \$12,500 from memberships. The Guard decided it would take no money from corporations or business firms. But several individuals have contributed \$1000 apiece, others \$500, \$200, \$100, \$50, \$20, \$10.

IT WAS DECIDED to organize from the bottom up, instead of from the top down. There are 65 precincts in the 14 townships of Madison County. The average precinct had about 600 to 800 voters. In a few rural areas, the township was the precinct. In the city the precincts took in 10 to 20 city blocks.

The organization was never carried down to the block level, though that is planned for the November election. But there were neighborhood organizations, with one Democrat and one Republican in charge of every unit. And for every precinct there were Democratic and Republican co-captains.

In 11 of the rural precincts, there were dirt farmer captains. But in the city it was the women who did a lot of work. They held meetings at 9 o'clock in the morning, 2 o'clock in the afternoon, 8 o'clock at night—in schools, churches, private homes, over the back fence. All meetings were open.

The big job was educational, and it was aimed at the May primary. What were the officers to be elected—what did they do?

What were their salaries? How long were they elected for? What did a congressman do, a circuit court judge, the prosecuting attorney, the state legislators, the county clerk, recorder and commissioners, the township trustees, justice of the peace, constable?

Next, who were the candidates? Their names, their records?

Here the American Guard decided to publish a "Voters' Manual." It is a 56-page pamphlet. I'm told that when the Guard took the copy for this manual to one Indianapolis print shop, U.A.W.-C.I.O. headquarters in Detroit called up the printer and told him if he took the job, he would never get any more union business. He passed it up. But another union shop took it, and the booklet came out with a union label.

Some of the candidates refused to submit biological data for the Voters' Manual. Of 40 candidates who failed to make such response after three invitations, only six were elected.

ONE OTHER STATISTIC offered is that of 18 candidates endorsed by the C.I.O.-P.A.C.—15 Democrats and three Republicans—six were nominated and 12 were defeated.

The C.I.O. union papers blasted the American Guard at every chance. Shop and local union newspapers criticized the Guard and radio time was taken to criticize it.

The Guard claimed it endorsed no candidates of either party. There may have been some cheating on this. But the effort was made to keep the whole campaign bi-partisan.

The information collected by the Guard was turned over to educational leaders, meeting directors, telephone assistants and correspondents appointed for each of the 65 precincts and smaller units.

The result of all this awakening of public interest spoke for itself in the primary election last May. Fifty-six per cent of Madison County's eligible voters went to the polls. This was higher than any of Indiana's 92 counties. In the 1948 primary the turnout in Madison County was only 33 per cent of the voters.

The Anderson American Guard is now preparing to do a similar educational job for the November election. One of the major efforts here will be to set up voting machines and dummy machines and teach the voters how to split a ticket. The idea is to get the voters to vote for the best candidate, regardless of party.

NEXT: What the American Guard stands for and its prospects for state and national organization.

Recognizing Dangerous Symptoms

PEOPLE should be most careful of serious symptoms in themselves and their children. The first question today shows that there are still many people who do not recognize dangerous symptoms when they occur.

Q—One day last week my seven-year-old son complained of pain in his right side. That day his urine contained blood but the next it was perfectly clear and has seemed to be clear ever since.

A—The symptoms suggest something seriously wrong with the kidneys or the urinary passages. Just because the symptoms appeared to clear up promptly does not make it safe to assume that nothing serious is present. The boy should be taken at once for careful and complete medical studies.

Q—Is beer harmful to someone with a leaking heart?—M. P.

One Man's Opinion

By WALTER KEIRNAN

NOT EVERYONE is headed for beach or mountains this summer. . . . senate Republicans just want to spend a few weeks in a nice cool file room in the Justice Department.

They keep sending postcards home with pictures of the building and the message "wish we were here."

It isn't that they suspect anyone of deliberately jockeying the Amerasia case. . . . they just want to know who did it.

But there's a nice arrangement now. . . . Mr. Truman is keeping an eye on Moscow and the Republicans are watching things in Washington.

Every time he says "Look . . . where I'm pointing!" They say "We will, if you'll look where we're pointing."

It works fine for us. . . . we're sure to know everything that's going on if only we could understand it.

—There is no direct connection between beer and a leaky heart but too much beer can cause an excessive burden on the heart.

Q—What causes an itch around the nose and behind the ears?

A—This sounds like a form of eczema probably resulting from contact with some substance to which the patient is allergic.

Q—When the thyroid gland is not working what can be done to put this gland back to work?—E. O.

A—The functions of the gland cannot be restored by any methods known but the deficiency can be met by taking thyroid extract in proper doses.

Air Force Has Best Ghost Writer

By DAVID LAWRENCE

WASHINGTON PROPAGANDIZING has become a respectable profession, even transcending in prestige that of lobbying or ghost-writing.

Stephen F. Leo, master-mind of the Air Force's successful fight against all other armed services, has just been given the Air Force's "exceptional service award" for his work as public relations director of the U. S. Air Force. It was presented to him not by the civil-

ian secretary for air, even though Mr. Leo is a civilian employee, but by Gen. Hoyt S. Vandenberg, chief of the Air Force.

This event has a lot of meaning behind it. Thus, recognition given by the military department for publicity and press-agent work is rather unique and indicates how far militarism has progressed in the United States.

Only in European governments has the propaganda minister occupied an analogous place in national councils.

Stephen Leo, however, deserves, from the air force viewpoint, every medal that can be bestowed upon him for his work as a propagandist. He succeeded in

planting such an ingenious attack on the U. S. Navy that the officers of the latter impulsively broke out with charges against the B-36 only to have their ears pinned back through the power of Stephen Leo, who engineered the fight against them.

NAVY MEN credit the publicity department of the U. S. Air Force with sinking the super-carrier "United States" and they jokingly remark that this is the only carrier anybody in the U. S. Air Force ever sank because in World War II no aircraft carrier of any kind was sent to the bottom by U. S. Air Force bombers.

Stephen Leo is credited also with being the ghost writer who drafted speeches for high-ranking air force officers. At one time he is said to have had 120 writers under him throughout the world—all attached to the air force and carrying on the fight for more and more air power for the U. S. Air Force and less and less for the navy aviators and ground services.

Much of what Stephen Leo has done to earn the "exceptional service award" probably will never be known. He is reported in one newspaper dispatch in September 1948 to have been the man who did the propaganda job for the 70-group air force that caused so much distress to the late Secretary of Defense Forrestal at a time when the President had approved an air force of less size.

Stephen Leo is said to be as skillful in keeping things out of print as in getting them published. He sat in on all the important councils of the air force in which plans were made, almost from the close of the war in 1945, to belittle and break down the Navy's program for naval aviation and divert the money to the planes which the air force wanted.

MOST PEOPLE, of course, having been impressed by the vast amount of air force propaganda since the war, think that the Navy started the row. Navy men claim that they took an aggressive stand in the B-36 hearings only because of the propaganda attacks made against them through the public relations office of the air force. Testimony was introduced at the house armed services committee last year showing that the "Reader's Digest," for example, started the controversy off with an article attacking the Navy which was confidentially prepared with the cooperation of the air force publicity office.

It is significant, of course, that the famous "OP 23" in the Navy Department was disbanded and the navy public relations men were spanked for trying to present the navy side. More than one of them privately prayed that someone like Steve Leo might be made available to the navy—they would have settled promptly for Steve Leo himself, so widespread was the recognition among navy men of Leo's powers as a publicity strategist.

At present Leo is special assistant to his former chief, Stuart Symington, who has now become chairman of the National Security Resources Board, but if Leo ever ventures to leave the government, some of the companies with public relations troubles and a losing case would be smart to grab him: He is the best ghost-writer of speeches in this town.

No Phoney Gals

Act Natural And Become Model

THOUSANDS of beautiful girls try each year to get a foothold in the glamorous business of modeling.

And you could flush Fifth Avenue with the tears of those who fail. What is the things that defeats most of them?

"They come in wearing nine hats and three pairs of gloves," say Joan and Tony Webster, a young couple who operate the Society of Models, Inc., a talent agency. This is their way of saying the girls act phoney instead of acting themselves.

"They have stylized walks and stylized hairdos that make them all look alike," said Tony, a former radio writer who flew an artillery cub scouting plane in Europe during the war. "If Groucho Marx is making money, every comedian wants to grow a moustache. It's that way in this business. The girls work too hard trying to look the way they think a professional model ought to."

THE RESULT? They become stilted caricatures. They gain a fake poise—and lose their own real poise.

"The photographers are inundated with pretty girls of this type," Tony continued. "When they see a girl with real individuality and charm, they pounce on her. It's her naturalness that pays off."

There's an old wisecrack that you can tell a man who's out of work because he dresses so neatly. It's that way in modeling, too.

"One of the top girl models—she makes up to \$500 a week—comes to work wearing glasses and with her hair in curlers," said Tony.

"And the girls who aren't working—they come in wearing nine hats," chimed in Joan, herself a successful model.

SHE WAS A Red Cross girl in a Riviera rest camp when Tony met her on leave at war's end. They were married there.

Last January they bought the model agency so they could have the same working hours.

"We bought it on Monday, saw it on Tuesday, and fainting on Wednesday," laughed Joan. "The place was rather rundown-looking."

But thirty of the models—who earn \$15 to \$30 an hour—volunteered to help them repaint the offices. They got the job done over weekends. The whole experiment has left Webster dazed.

"What amazes me most is the number of women who want their children to be models," he said. "Some of them write to us from the maternity wards."

Their agency now has 100 models, including an 85-year-old grandmotherly type who was discovered working in the powder room of a night club. It also has two trained dogs and two cats. But the Websters aren't too fond of animal models.

"Soon after we started, we got a call for a cat model," explained Joan. "When we check, we found the cat had moved."

"Isn't that a silly situation—chasing all over New York looking for a cat that didn't have enough sense to leave its forwarding address? We never did find it."

TWENTY-FIVE YEARS AGO—Men may come and men may go but Walter Johnson of the Senators goes on like Tenney's brook. He went on yesterday to his 108th shutout in beating the White Sox, 9 to 0, fanning four, which brings his life time total to 3,232.

The United States was taken to task by a Berlin newspaper for its failure officially to congratulate President Hindenburg on the occasion of his inauguration May 12.

TEN YEARS AGO—Winston Churchill, beligerent first lord of the admiralty and long-time target of Adolf Hitler's wrath, became Britain's man of destiny, succeeding Neville Chamberlain as prime minister as war surged over western Europe.

Double Triangle Club met yesterday at the home of Miss Virginia Morris, E. Wilson st., when Miss Helen Mercer and Miss Helen Bishop were guests.

FIVE YEARS AGO—Mrs. Glenn Whinnery, retiring vice president, conducted the installation of officers for the Mary Carr Curtis Missionary Society Monday at the home of Mrs. David Kirby, Ohio ave. Mrs. Albert Kent is the new president.

Mrs. Edna Bailey, house mother at Miller Hall, Mount Union College, Alliance, spent Tuesday with her daughters, Mrs. Hugh Bailey and Mrs. Charles Leach, of E. State st.

The drive-in theater strikes successfully at two problems plaguing the would-be movie fan today: it eliminates the need for a baby sitter, since you can take the children along, and it banishes parking headaches. In other words, it's geared to the realities of 1950 living. What the indoor theaters can do about the sitter problem isn't easy to figure. Maybe they'll have to go into the nursery business as a sideline. This could be costly, but the alternative for many houses appears to be extinction.

Missionary Group
Installs Officers

Mrs. Leroy Hartsough installed the new officers of the Baptist Women's Missionary Society at this week's meeting in the church.

Mrs. L. S. Richards, president, succeeds Mrs. Clyde Williams. Committees announced are as follows:

Program — Mrs. N. W. Kelly, Mrs. Hartsough, Mrs. George Peterson, Miss Mary Wolcott; spiritual life — Mrs. Reed Calkins and Mrs. Richard Stirling.

White Cross — Mrs. Frank Brudery and Miss Venora Chapin; hospitality — Mrs. John Cosgrove, Mrs. Carey Jackson, Mrs. A. T. Crawford, Mrs. Ira Plummer and Mrs. W. L. Hutton.

Christian education, Miss Frances Leasure; Christian friendliness, Mrs. Merle Miller; Christian citizenship, Mrs. J. W. Bennett. "Highways and Road Signs" was the theme of a devotional talk by Mrs. Frank Brudery.

A copy of the covenant and bylaws of the first Baptist church established in Salem was exhibited by Mrs. Kelly, who read the covenant to the group. This was printed in 1807.

Lunch was served in the recreation room by Mrs. Jackson, chairman; Mrs. Merle Miller, Mrs. Williams, Mrs. M. P. Livingston and Miss Chapin.

The July meeting has been

cancelled. The August meeting will be in the home of Mrs. Livingston, east of Salem.

Sisters Reunited
At Family Gathering

Three sisters, Mrs. Rebecca Green of N. Lincoln ave., Mrs. Elizabeth Jones of San Diego, Calif., and Mrs. Margaret Snyder of Ravenna, were together for the first time in 48 years when the John and Elizabeth Evans family of Washingtonville held a reunion last Sunday in Centennial park.

Among the guests were Mrs. Jones' daughter and husband, Mr. and Mrs. Arnold Woods, and her granddaughter, Carol Jean Woods of San Diego.

County Camporal
Held This Weekend

The 20th annual Camporal, a camping event for all 37 scout troops of the Columbiana Council, B.S.A., will be held Friday, Saturday and Sunday at the McKinley Scout Reservation near Lisbon.

John Hartwell, county scout executive, said today more than 200 scouts and leaders are expected to attend, including 60 from Salem. The large Salem enrollment is anticipated because the northern district had no Camporee this year.

Patrol units of about eight scouts will camp together and will be scored on their camping skill, making ground beds, pitching tents, sanitary arrangements, food storage and fireplace building.

J. E. Curry of East Liverpool is the camporal director, with men from each of the four Council districts assisting him. Floyd McQuilkin of Salem is in charge of first aid studies.

The program Friday evening will be informal with motion pictures from the safety council, the health department, and a comedy. Saturday evening's campfire is a special event with patrol stunts, Court of Honor for the presentation of awards, and Fr. Paul F. Marceau, pastor of the St. Philip Neri Church at Dunganon, will tell a few of his famed stories of old canal boat captains.

Scouts of Protestant faith will have a service at camp early Sunday morning and those of Catholic faith will take part in the 8 a. m. mass at St. George's Church in Lisbon. Awards will be made immediately following the noon meal Sunday. Each scout will receive an emblem for the Council pocket medallion. Patrols will receive certificates showing their proficiency and troops will receive the streamer if all patrols have entered.

Win '500' Prizes

At Club Meeting

Mrs. Donald DeJanc and Miss Margaret Hollinger, a guest, were awarded prizes in the "500" games at a meeting of club associates Thursday evening in the home of Miss Ruth Zeck, S. Broadway. Lunch was served.

Christian Circles

Circles of the Women's Fellowship of the First Christian Church met Wednesday as follows:

JUDITH

Mrs. Goldy Schwartz reviewed her travels in Israel last winter for members of the Judith circle at the home of Mrs. A. I. Getz, N. Ellsworth ave. The speaker showed pictures and postcards from that country which added interest to her talk.

Refreshments were served by Mrs. Getz, Mrs. Lucian Bishop, Mrs. William Hinchliffe, Mrs. David Kirby and Mrs. E. S. Scott.

DORCAS AND SARAH

Two of the circles, Dorcas and Sarah, had coverdish dinners at the home of Mrs. Wallace Stewart. Dorcas members met at noon and the Sarah members met in the evening.

Mrs. Ross Mellinger conducted the devotions for the Dorcas Circle and Mrs. Ross Clay and Mrs. Stewart gave reports of the state convention at Canton.

Mrs. George Kyle was in charge of the Sarah Circle program. The theme was "The Atomic Age and The Atomic Energy." At the March meeting the members all signed a card and sent it to the Fukushima Christian Church, Fukushima, Japan. The reply was read at this meeting. The Japan church also sent beautiful greeting cards to the women here.

ESTHER

Mrs. B. W. Jones gave the devotions at a dinner meeting of the Esther Circle in the church. Mrs. Robert Butcher and Mrs. Glen Fair reported the state convention at Canton.

REBECCA

After the luncheon at a meeting of the Rebecca Circle in the home of Mrs. H. G. Gibson, Salem-Winona rd., Mrs. Glenn Arnold led devotions. An informal social time followed.

MARTHA

Mrs. Robert Ware was presented a stork shower at a dinner meeting of the Martha circle at the home of Mrs. Joseph Bush, Seaveken Lake. Games and group singing helped make the occasion enjoyable.

Casserole Chicken Is Economical

HERE'S chicken again for Sunday. But it's one of the best meat buys today, is easy to cook and most people enjoy it.

Casserole of Chicken

With Vegetables

Stewing chicken, 3 to 4 pounds ready to cook (4 to 5½ pounds dressed weight), salt, pepper, flour, 2 tablespoons fat, 2 cups hot water, 2 medium-sized carrots, sliced, 1½ cups chopped celery, 1 small onion, chopped, 1 small green pepper, chopped.

Cut chicken in serving pieces. Season with salt and pepper, sprinkle with flour. Heat fat in a heavy pan and brown the chicken in it. Remove chicken to a casserole, or leave in the pan if it is suitable for oven use. Add hot water and ½ teaspoon salt. Cover closely.

Cook in the oven at 325 degrees F. (slow) until almost tender—about 2½ hours. Add water as needed during cooking to keep liquid at original level. Add vegetables and cook 30 minutes longer. Mix 2 tablespoons flour with a little cold water. Add several spoonfuls of hot liquid from the casserole. Stir mixture into liquid in casserole. Cook 10 to 15 minutes longer.

That recipe is from "Family Fare" published by the United

States Department of Agriculture. It's one of the best gifts any June bride can get. It cost only 25 cents, from the United States Government Printing Office, Washington 25, D. C.

Here's a luncheon or Sunday supper suggestion, also from "Family Fare."

Creamed Chicken

Two tablespoons table fat, ½ cup chopped celery, 1½ teaspoons chopped onion, 1 tablespoon chopped green pepper, ¼ cup flour, 1½ cups chicken broth, ½ cup milk or cream, 1½ cups diced cooked chicken, salt to taste.

Heat the fat and cook the celery, onion and green pepper in it until tender. Blend the flour into the fat and vegetable mixture. Stir in the chicken broth and milk or cream and cook to a smooth sauce, stirring constantly. Add chicken to sauce and season with salt. Heat the mixture thoroughly and serve on rice, toast, or biscuits.

Columbiana

Library To Have Children's Room

Change Will Make More Room In Edifice

COLUMBIANA, June 16—Changes in the public library building nearing completion provide for a children's room in the basement, where all the children's books will be kept.

The basement is being finished in knotty pine, and an outside entrance is being provided for the children so that they won't have to enter through the main floor. Transfer of the children's books will make more room in the library proper.

MISS PATTY HUM, daughter of Mr. and Mrs. Delmar Hum of Woodland ave., will leave Sunday to attend Girls State in Columbus as the delegate from the Firestone American Legion Post Auxiliary. While the auxiliary sponsors the trip, selection of a member of the junior class in high school is participated in by the principal and members of the class, in conjunction with Mrs. Avis Seederly, Americanism chairman of the auxiliary.

The selection is made on the basis of scholarship and school citizenship. At the June meeting of the auxiliary next Wednesday evening, delegates will be chosen for the state convention in Cleveland in August. Initiation of about 15 new members is also scheduled.

MEMBERS of the Booster Club plan to put on a minstrel show next fall to aid their fund meeting of the club in the high for civic projects. At the June school Wednesday evening, it was decided to cooperate with Firestone Legion Post in its annual street fair and home-coming Sept. 7, 8 and 9.

Boosters will help clean the streets after the close of the fair Saturday midnight. The club project for black topping one of the tennis courts in Firestone Park for both tennis and basketball is still being pondered by the park board.

Dairy Strike In Second Week

Pittsburghers Get Emergency Deliveries

PITTSBURGH, June 16—(AP)—Emergency milk deliveries were stepped up today as a strike of 3,250 AFL dairy workers went into its second week.

The strike over new contract demands has shut off all but emergency deliveries to the 2,300,000 residents of Pittsburgh and seven surrounding counties.

In Pittsburgh, about 25,000 emergency cases have been cleared with physicians. AFL Local 205 Milk and Ice Cream Salesmen and Dairy Employees is furnishing men to operate three dairies, as well as 400 drivers.

There is no sign of an early end to the strike. However, union and industry spokesmen scheduled another session today.

The industry is standing pat on its position the wage dispute be submitted to arbitration. Only one company has agreed to union demands. It employs only 10.

Instrument On Plane Faulty, Survivor Says

BAHRAIN ISLAND, Persian Gulf, June 16—(AP)—A survivor of Wednesday night's second French airliner crash today said crew members told him the plane's instruments were faulty, showing the plane still 300 feet above the ground when it hit the water.

The survivor, Jacques Sangnier of Paris, and his wife were among 13 persons saved. Thirty-nine persons died in Wednesday's crash.

There were five survivors and 46 persons killed in the mishap to another Saigon-to-Paris airliner Tuesday. Air France officials in Paris and other sources hinted strongly that the two planes were sabotaged by Indochina's Communist-led native rebels.

Connecticut G. O. P. Pins Hopes On Lodge

NEW HAVEN, Conn., June 16—(AP)—Connecticut Republicans, seeking to oust the Democratic administration of Governor Chester Bowles and wreck whatever political plans he may have for 1952, pinned their hopes for victory in November today on a ticket headed by John Davis Lodge.

Opposed by four other aspirants, the brother of Sen. Henry Cabot Lodge, Jr. (R-Mass.), won a first ballot victory for the gubernatorial nomination at the Republican convention here yesterday.

As the top running mates for Lodge, now serving his second term as a representative in Congress, the convention named ex-U. S. Rep. Joseph E. Talbot for a six-year term in the U. S. senate, and Prescott Bush of Greenwich, a New York investment banker, for a two-year senate term.

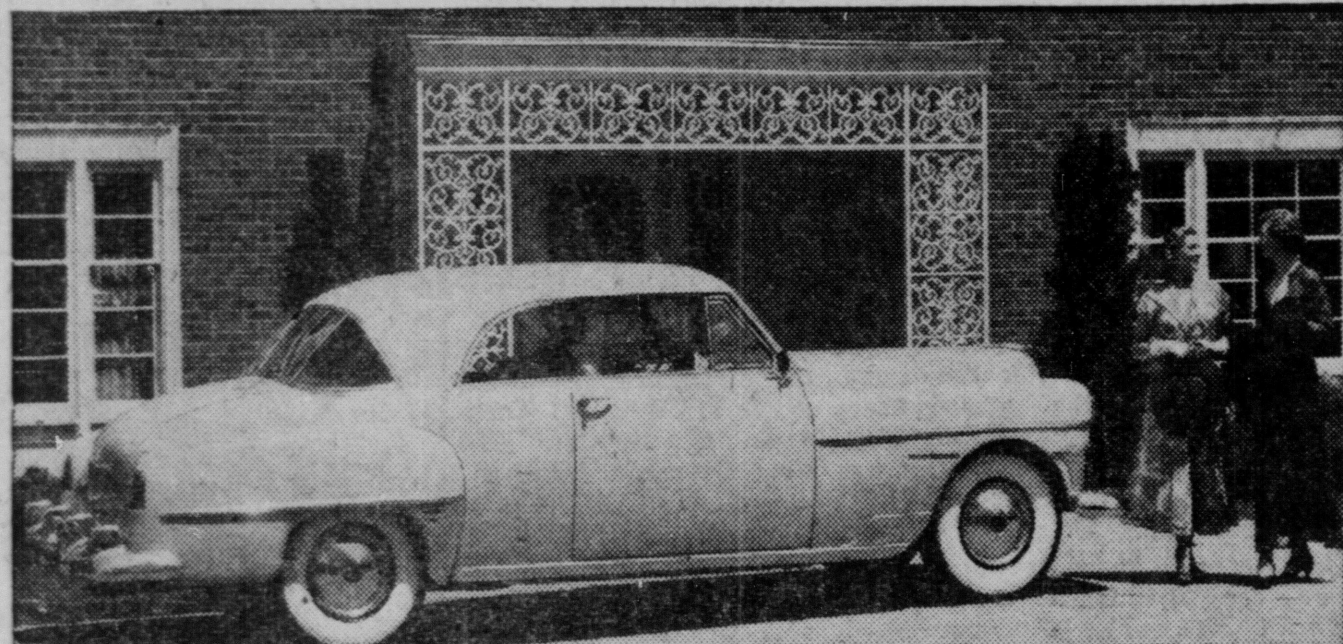

AFL Official Attends CIO Political Rally

WASHINGTON, June 16—(AP)—The CIO's Political Action Committee whipped up a big pep rally for the approaching elections today.

Joseph D. Keenan, director of the AFL's Political League, was a major cheer leader in a day long schedule for 300 to 500 top officers and workers of the CIO-PAC.

It was the first time that CIO-AFL political cooperation has reached a point where a top figure in either of the big labor federations was invited to address a national meeting of a rival organization.

The English language is spoken by more than 160,000,000 people.

Jap Reds Hit M'Arthur Purge

Court Suit Charges Legal Violation

TOKYO, June 16—(AP)—Japanese Communists today challenged application of General MacArthur's purge order in the Japanese courts.

The suit, filed in district court, specifically accused Prime Minister Shigeru Yoshida with violating the constitution by his purge of 41 top Communist leaders and editors.

Court officials said they would have to study the Communist complaint before deciding what action they would take.

They were doubtful however that the court had jurisdiction since the purge action was taken on direct orders from General MacArthur to the prime minister.

Filing of the complaint was the first direct action on the part of the Reds to fight back against MacArthur's crackdown of last week. Observers surmised that its chief purpose was propaganda.

N. Y. Publishers Halt Talks With Printers

NEW YORK, June 16—(AP)—The Publishers Association of New York City has broken off contract negotiations with the local AFL printers union, charging it with a "deliberate violation" of contract by refusing to cross COI picket lines at the struck New York World-Telegram and Sun.

Local 6 of the International Typographical Union denied violation of the contract. It expressed regret that the publishers "do not desire to continue negotiations."

The Publishers Association halted negotiations with the printers Thursday, third day of a strike by news and business employees of the World-Telegram. The newspaper has suspended publication because the printers and other mechanical employees refused to cross picket lines.

The Publishers Association took the view that in the light of the printers' tactics in the Guild strike any new contract "might be treated with similar irresponsibility and disregard."

The printers' union contended that it never had contracted to "send its men through a no-man's land."

Patrolman Tells Club Of Safety Campaign

Corporal Edward Mallory, officer in charge of the Salem State Highway Patrol barracks, spoke on traffic safety at the Kiwanis Club meeting Thursday noon at the Memorial building.

He discussed the importance of the recent highway car and truck inspection and the serious problem of irresponsible teen-age drivers. Corporal Mallory suggested the possibility of civic cooperation is solving this problem.

James Giffin introduced the speaker.

Crewmen Burned When Bomber Is Forced Down

LONDON, June 16—(AP)—A U. S. Air Force plane made an emergency landing at its Lakenheath, Suffolk, base this morning after fire started in one of its motors, a spokesman for the Third U. S. Air Force Bomber division announced.

Several of the crewmen were burned about the hands, he said. The fire apparently started in

the plane's electric wiring, the spokesman added. He said he had no further details.

First reports said the plane had crashed.

Hutchinson's Case Rests With Truman

WASHINGTON, June 16—(AP)—President Truman will have to decide whether he wants a senate showdown vote on his nomination of Martin A. Hutchinson to be a federal trade commissioner. Senator Lucas of Illinois, the Democratic leader, told reporters he will talk to Mr. Truman at

the regular White House legislative conference Monday about the senate commerce committee's rejection of Hutchinson's nomination.

"I don't know what will happen to the nomination—we'll have to wait and see," Lucas said. The committee voted 5 to 3 behind closed doors yesterday to recommend rejection of the appointment. Hutchinson ran against Senator Byrd (D-Va) for the Democratic senatorial nomination in Virginia in 1946.

Ambassador Kirk On 5,000-Mile Soviet Trip

MOSCOW, June 16—(AP)—U. S. Ambassador Alan G. Kirk leaves Moscow tomorrow on a 5,000-mile round trip to Siberia—perhaps the longest journey ever undertaken by any American envoy to the Soviet Union.

Richard Service, first secretary of the embassy, and the ambassador's son, Roger, will accompany him on the trip, which probably will take 10 days to two weeks.

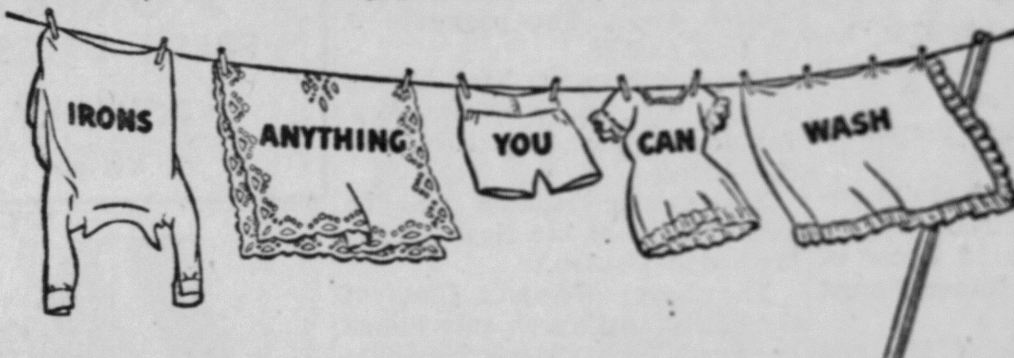

The party is traveling by the Trans-Siberian railway. The embassy said it has not yet been decided just how far east the ambassador would travel, but he may go as far as Chermkhovo, which is 125 miles west of Lake Baikal. He may go on to Irkutsk, which is even closer to Lake Baikal. This is just north of the boundaries of Outer Mongolia.

Ol' Banana Nose

PULL up a saddle, and let's take a little ride with wily Eddie Arcaro, the jockey man who has ridden great horses as well as prime glue factory prospects.

Often at Jamaica racetrack and elsewhere the \$2 bettor who has just watched Arcaro lose aboard a favorite will give with the Bronx cheer:

"Boo, Banana Nose, boo."

Some boo, and they're not kidding. Others might join in with a laugh, just for vocal exercise. But most of them have to agree the guy is one of the greatest riders in the history of the American turf.

Now at the ripe age of 34 the little Italian booter who drives a shiny Cadillac is still going strong. Perhaps he'll quit riding one day, and start training horses.

However, he's still the most sought after jockey in the country. He's a free lancer, and picks his mounts. As long as his annual income hits six figures, why not let it while he can? Maybe he couldn't train a horse worth a lick.

Six figures. That's \$100,000 or so per year. When Joe DiMaggio or Ted Williams sign a contract for \$100,000 a season, the headlines scream.

In the spring of 1948 Eddie agreed to ride Citation for Calumet Farm. It was like giving somebody the keys to a bank. But Ben Jones, the Calumet trainer, knew whom he wanted on the horse. The announcement didn't cause much of a sports page splash.

Citation won 15 races, lost one under Arcaro that year. The horse earned \$644,995 in those races. So Arcaro collected his usual 10 per cent of the stake money, or more than \$64,000, with just one horse. That doesn't include the fees from riding several hundred others.

In 1949 Arcaro rode horses that earned \$1,183,309. Of those races, about \$700,000 came from stakes. Arcaro had 870 mounts, with 194 winners. Owners pay riders a minimum of \$25 to ride, with at least \$50 if they win. In many cases it is 10 per cent, whether it's a stake or not. So Arcaro's absolute minimum last season was \$43,500 if he got only \$50 for each winner, and \$25 for the others.

Help, Police

Sports item: Second precinct police of Elizabeth, N. J., last night defeated first precinct police 7-6 in a softball game. The winners got a trophy. Police item: The trophy, in possession of the winner about three minutes, disappeared while the jubilant cops were talking over the game. Comment: From Detective William Connolly, "It looks like an inside job."

Dixon's Daily Dozen

• Rumbles are being heard on the proposed "fieldhouse" for Salem, following announcement of the plan Monday.

• The 2,000-seat gym-auditorium seems to appeal to a lot of people — probably some of those who haven't been able to get seats to good basketball games.

• Needing \$175,000 to give Salem a first class gym, the school board has \$100,000 left over from its improvement program.

• There are two ways to get the money. One is to submit a bond issue at a special election or at the regular election in November to cover the entire amount.

• Or, and this seems likely, some of the money can be solicited from interested parties or firms in Salem, leaving only a small balance to be voted through.

• The less money the bond issue calls for, the easier it will be to pass, naturally.

• Regardless of how the trick is turned, the fact remains that Salem High desperately needs a new gym. The present one was inadequate 20 years ago.

• Take a look at some of the surrounding communities (smaller ones by far than Salem) and notice their gyms.

• To name a few, Leetonia, Columbiana, Lisbon, Wellsville and East Palestine all have floors which put ours to shame.

• There must be some way to catch up with the rest of the county.

• After talking about a new gym for years and lamenting the fact we don't have one, it's going to be interesting to see how Salem's citizenry reacts to a chance to get a new one.

• Salem is supposed to be a progressive community. Let's go to work.

Excursion Open

There are still plenty of seats left on Berg Bretzel Co.'s excursion train to the Indian-Tiger doubleheader on Sunday, July 2. The train will leave Salem at 10:30 a. m. and deliver the fans to the stadium, coming back here one-half hour after the game ends. Reservations can be made at the City Sporting Goods store.

Schnittker Signs

Dick Schnittker, Ohio State football and basketball star, yesterday signed a two-year contract to play professional basketball with the Washington Capitals. The 21-year-old Schnittker was the Capitals' first choice in the draft. Some teams had passed him up in the belief he might play professional football. Details of Schnittker's salary were not disclosed but there were reports he would be paid at least \$10,000 annually.

BROWNS SIGN GORGAL

CLEVELAND, June 16—(AP)—The Cleveland Browns today signed Ken Gorgal, versatile Purdue quarterback who played 419 out of a possible 540 minutes with the Boilermakers last season.

Coach Paul Brown expects to use the speedy, 195-pound, six-foot-two Gorgal on defense. The new Brownie is 21 and will be graduated from the Purdue school of science this month.

Tigers Have 1½ Game Lead

George Kell Sets Hot Pace

Boosts His Average To .386 Thursday

By JACK HAND

(Associated Press Sports Writer) George Kell of Detroit seems determined to erase the "freak hitter" smudge from his American batting crown.

They said it was a mistake when the Tiger third baseman nosed out Ted Williams of Boston for the title on the final day of the '49 season. Brother, it's no mistake this year.

Day after day Kell keeps showing his average a little higher. Now its .386, best in the majors. Williams, moving up gradually after a serious slump, is hitting .326.

Oldtimers are reminded of Ty Cobb by the way Kell holds his bat with his hands several inches apart. For years it's been stylish to swing from the end of the bat, aiming for the stands. Kell finds he can spray his shots to all fields. And he still gets his three or four homers a season. Nobody is calling him a "freak hitter" this spring.

Kell slashed two singles and a double in three trips against Philadelphia yesterday as the Tigers thumped the A's, 7-3. The victory, coupled with a New York defeat, gave Detroit a 1½ game lead in the American League race.

Freddy Hutchinson survived a shaky start and finished to rack up his seventh victory for the on-rushing Tigers who have swept 17 of their last 21 starts.

Maybe Chicago's Billy Pierce finally "arrived" with his 5-0 one-hitter against the New York Yankees yesterday, the best pitched game of the season and his first big league shutout.

When the Tigers, desperate for a catcher, made a deal with Chicago for Aaron Robinson after the 1948 season, Pierce went to the White Sox. He had a dull 7-15 record last year and was 3-5 for the season until yesterday.

ONLY A SINGLE by Billy Johnson, leading off the fifth inning, robbed Pierce of a no-hitter in a game interrupted three times by rain. It was the third straight for the White Sox over the Yanks who continue to make all pitchers look good.

At Cleveland Bobby Lemon hit a home run in the Tribe's 3-1 victory over Boston. Lemon's homer tied the score in the fifth and Al Rosen's 17th of the year with Larry Doby on base in the sixth ruined Walt Masterson's first start.

Lemon's eighth victory, high in the American, enabled the Indians to take the series from Boston which had won the opener.

St. Louis pulled out of the cellar with a come-from-behind win over Washington, 16-9. Dick Kokos homered for the Browns and Eddie Stewart and Eddie Yost for the Senators in the wild slugfest.

Harry Dorish, who whipped Washington Tuesday, picked up a relief win, his third, as the Browns pulled it out with two rallies. Mickey Harris, involved in a five-run St. Louis explosion in the sixth inning, was charged with the defeat.

Billy Southworth's Boston Braves, revived by their return home, knocked off Cincinnati in both ends of a doubleheader. It was the only action in the National. Rain washed out the St. Louis at Philadelphia night game and the Chicago at Brooklyn and Pittsburgh at New York day games.

Sid Gordon hit his 13th homer plus a double and two singles to help lefty Warren Spahn win the

ANOTHER ANGLE—Rocky Graziano has his line out for a big one at Greenwood Lake, N. Y., but his thoughts seem far away, perhaps on Jake LaMotta at Kiamasha Lake, N. Y., where the Bronx Bull is training. The Rock of New York's lower east side will be fishing for the middleweight championship he once held when he tackles LaMotta at the Polo Grounds, June 28.

first game, 5-5. It was Spahn's eighth success.

The second game went 10 innings before Tommy Holmes singled home Walker Cooper with the winning run, 6-5. The double victory boosted the Braves into fourth place ahead of the idle Cubs.

POINTERS for car buyers

No Indeed! "EASY TERMS" ARE NOT EASY

It's just plain common sense. When you buy a car on time payments, the so-called "easy" way, you will find that it is the expensive way.

You continue to pay for the extra time you take each and every month until your car is paid for. The smaller your down-payment and the longer the terms—the greater the final cost of your car.

Make your down-payment as large as you can and pay as much per month as you can comfortably afford. That's the only sound and economical way to buy a car on time-payments.

Check the full costs of "Easy" terms with your dealer. Under the GMAC Plan you are entitled to all the facts and figures.

Demings Register Upset Over Hub

Defeat Second Place Team 6-2

Bruderly Gives Two Hits In Surprise Tilt

When Kenny Bruderly of Demings is right, he's tough to beat. The Hub found out that fact Thursday night in the lone Class AA game at West End Park, losing to the Pumpmakers on the wrong end of a 6-2 game.

The stocky fireballer gave up just two hits—one in the first and one in the fifth—as Demings upset the favored Hub team. The Deming club has been lodged in last place, while The Hub is in second.

While Bruderly was giving The Hub a bad time, his mates were coming Dave Ehrhart for 10 safeties, including a fifth inning homer by Wayne Hahn and a triple by Jim Garrett. They got a four run rally in the third frame to provide the winning margin.

In Class A ball last night, City Sporting Goods stopped Peoples Lumber 6-5, Butler Grange stomped the Men About Town 17-0 in five innings, and Terminal Tavern shut out Fisher News 4-0.

8:00—E. F. vs Bliss

Bell of Terminal Tavern shut out Fishers with seven hits, although his own team got only four off Bill Sheen. Their big inning was the third when they got three tallies.

Ward of Butler gave up five bingles in carding his shutout, while his team slammed in 17 runs in four times at bat. Woods had three traps for the victors, and Vogelhuber punched out a home run in the fourth with one on.

Despite a home run by L. Brown with one man on in the seventh, Peoples Lumber couldn't quite catch Sporting Goods last night. The Lumbermen got six hits and the winner managed nine. Herb Kelley was the winning hurler.

GENTLY DOWN THE STREAM—University of California Crew Coach Carroll M. "Ky" Ebright (in launch, background) uses megaphone to shout instructions to his crack varsity crew as they practice on the Ohio River at Marietta for the 48th annual Intercollegiate Rowing Association regatta. The Golden Bears, along with the University of Washington crewmen, are among top favorites to win the classic.

West Coast Crews Favored In Regatta

MARIETTA, O., June 16—(AP)—Washington and California looked like the teams to beat as rowing crews from 13 colleges swept through the Ohio River today in practice sessions for Saturday's regatta.

But an air of quiet confidence brewing in the Navy camp brought the Middies into the picture as a darkhorse contender in the Intercollegiate Rowing Association's championship event.

The heavy crew of Massachusetts Institute of Technology loomed as the toast of the East, with Cornell and Pennsylvania also rating a nod as possible winners.

The fact that the crews will be racing on a new three-mile course instead of the well-known Hudson River course at Poughkeepsie, N. Y., gave some backing to scattered predictions of a possible upset.

The uncertainty of time trials over the course gave coaches no assurance of speed as compared with times on the Hudson River site. All time trials here have been rowed with a moderately swift current, with a still stream promised for Saturday.

Lineup of crews across the river also had added to the uncertainty. Favorites Washington and California are spaced well apart, the Huskies being in Lane 3 near the Ohio shore while the Golden Bears will be in Lane 10 near the West Virginia shore. Navy will be in Lane 7.

In other lanes will be Syracuse 1, Wisconsin 2, Rutgers 4, M. I. T. 5, Cornell 6, Columbia 8, Stanford 9, Pennsylvania 11 and Princeton 12.

COXSWAINS in the favorite shells will be hard pressed to keep their eyes on the chief competition. Washington and California would easily reach the finish line before either crew knew the other's position.

A survey of coaches of seven of the crews brought varied opinions on the winner of the varsity event, but Washington and California were mentioned prominently.

California, with three veterans of its 1948 Olympic championship crew still in the shell, will be defending champions in the varsity race. The Bears lost a three-mile dual meet to Washington by almost three seconds on May 20.

M.I.T. won top spot in the IRA event with its one-tenth of a second victory over Harvard in the Eastern Association of Rowing Colleges sprint championships on the Severn River.

A lot of support seems to be growing for Navy's chances on the Ohio River course. Ens. Perry Nelson, nice-looking, easy-mannered newcomer, is here in the shoes of ailing Commander Buck Walsh. Nelson rowed with the Navy crew which won the Poughkeepsie regatta in 1947.

During its 25-game 1950 season, the University of Arizona baseball team averaged nearly three stolen bases per contest.

Jay England Paces Class A Batters

Jay England, Salem High's star discus thrower and football end, has turned his talents to softball with good effects. He is well out in front of the Class A field in batting, currently hitting a cool .563.

England, who plays with City Sporting Goods, has nine hits in 16 AB's. In the runnerup spot, hitting an even .500, is Herm Linder of the Saxons, while Bill Sheen of Fisher News is third with .467.

England and L. Brown of Peoples Lumber each have nine hits, the highest total in the loop. The standings:

Beloit Wins 18-7 In Girls Softball

Beloit's team won the first game of the girls new softball league Wednesday night, topping Leetonia 18-7 at the East End diamond.

Beloit slapped out 16 hits, scoring in all but one inning.

The Amvets and Sunoco teams will meet Monday evening at East End, after being rained out Tuesday.

The girls league will have games each Tuesday, Wednesday and Thursday.

IN PROBATE COURT
NOTICE OF HEARING
O. C. Sec. 10512-14 (2) (d)
THE STATE OF OHIO, COLUMBIANA COUNTY, ss. IN THE MATTER OF THE ADOPTION OF MICHAEL WELLD LITTY, NO. 232, TO HERMAN MONTGOMERY LITTY:

You are hereby notified that on the 23rd day of May, 1950, James Stanoich and Flora Stanoich, residing at 841 Jennings Avenue, Salem, Ohio, filed their petition in the Probate Court of Columbiana County, Ohio, for leave to adopt Michael WELLD LITTY.

Said petition contains the allegation that you, as the father of said child, have willfully neglected said child for a period of more than two years immediately preceding the filing of this petition.

If at the hearing it is found that the allegations of the petition are true your consent to the adoption of the above named child will not be required.

Hearing on said petition will be on the 5th day of July, 1950, at 9:30 o'clock a. m. in the Probate Court of Columbiana County, Ohio.

Witness my signature and the seal of said Court, at Lisbon, Ohio, this 23rd day of May, 1950.

Sec. Johnson After East 'Defense Facts'

MANILA, June 16—(AP)—Defense Secretary Johnson said today the "situation in China calls for a new look at the whole picture" of U. S. defenses in the Orient.

Johnson and Gen. Omar N. Bradley, chairman of the joint chiefs of staff, arrived by plane on their tour of the Pacific. Engine trouble forced them to change planes at Guam.

Johnson told newsmen the purpose of his trip was "to get the facts on our Far Eastern defense."

After looking over installations here, he and Bradley will go to Okinawa Saturday. They expect to reach Tokyo Saturday night for next week's talks with General MacArthur.

Johnson said that following the tour "I think we'll know what to recommend to the president."

He plans to discuss defense matters with President Elpidio Quirino of the Philippines.

Deaths and Funerals

Abraham Beadnell

A total of 117 descendants survive Abraham Beadnell, 85, a retired coal miner who died Thursday at 1 p. m. at his home in Bergholz following a long illness.

He was born near Yellow Creek April 10, 1865, and spent most of his life in Jefferson county.

Besides his widow, Flora, he is survived by five daughters, Mrs. Bessie Leishman and Mrs. Pearl Davidson of Salineville, Mrs. Luella Starn, Mrs. Jennie Griffith and Mrs. Mary Stout of Bergholz; five sons, Theodore Beadnell of Salineville, Fred Beadnell of Alliance and Charles Beadnell and Joseph Beadnell of Bergholz; a brother, Jack Beadnell of Salineville, and 51 grandchildren, 55 great grandchildren and one great-great-grandchild.

Services will be Sunday at 2 at the Robbins funeral home in Bergholz by Rev. A. E. Carpenter. Friends may call at the funeral home any time.

There were reports, too, that President Truman's plan to aid backward areas of the world is under heavy fire within the senate appropriations committee.

Pittsburgh Man, 63, Plans 500-Mile Walk

PITTSBURGH, June 16—(AP)—How would you like to go to Chicago? Train, bus, plane or auto?

None suits A. F. Bergman, the nation's walkingest man. He's going to walk the 500 miles from Pittsburgh to Chicago to attend the Lions International convention July 8.

Bergman celebrated his 63rd birthday May 13 with a 63-mile walk from Annapolis, Md., to Washington, D. C.

May Tap Europe Funds For Defenses

WASHINGTON, June 16—(AP)—A move gained headway in the senate today to tap European recovery funds for part of the \$1,000,000,000 cost of re-arming Western Europe.

Members of the senate appropriations committee are studying a possible amendment to the Economic Cooperation Administration (ECA) Act to lift some of the arms burden from the American taxpayer.

The idea was proposed first by Senator Lodge (R-Mass.), who works closely in foreign affairs with Republican Senator Vandenberg of Michigan. It has been picking up support despite opposition from ECA Chief Paul Hoffman.

There were reports, too, that President Truman's plan to aid backward areas of the world is under heavy fire within the senate appropriations committee.

New Feats Attributed To Terramycin Drug

NEW YORK, June 16—(AP)—The newest earth-mold drug, terramycin, saves mice from death by radioactive rays.

This was reported to the New York Academy of Sciences today by Dr. Carolyn W. Hammond, University of Chicago Institute of Radiobiology and Biophysics. Whether the drug will have similar protection for human beings is not known.

The New York Academy is holding a two-day meeting solely about terramycin. Previous medical meetings this year have reported that terramycin showed promising effects for at least twenty diseases.

Gilbert's attorney suggested to Judge Michael A. Musmanno that Gilbert be allowed to pay \$30 each month to the Pennsylvania Heart Association for the next year instead of going to jail.

Musmanno agreed.

Heart Fund Thief Draws Unique Penalty

PITTSBURGH, June 16—(AP)—Harold Gilbert, 42, pleaded guilty to stealing a few dollars from a container used to collect funds in the campaign against heart disease.

Gilbert's attorney suggested to Judge Michael A. Musmanno that Gilbert be allowed to pay \$30 each month to the Pennsylvania Heart Association for the next year instead of going to jail.

Musmanno agreed.

FBI Arrests Two In New Probes

Charge Soldier With Atomic Spy Work

NEW YORK, June 16—(AP)—A former U. S. Army non-commissioned officer at Albuquerque, N. M., was arrested today by the FBI on a charge of giving atomic secrets to Harry Gold, Philadelphia accused of passing atomic secrets to the Russians.

At Pasadena, Calif. the FBI also arrested Dr. Sidney Weinbaum, 52, California Institute of Technology scientist formerly with its jet-propulsion laboratory.

Richard B. Hood, head of the Los Angeles FBI office, said Weinbaum is charged with perjury and fraud against the government.

In a complaint filed with U.S. Commissioner Howard V. Calverly, the government alleges that:

"On or about Sept. 23, 1949, at Los Angeles, Sidney Weinbaum under oath before the Industrial Employment Review Board willfully and fraudulently testified that he had never been a member of the Communist party, when in fact he had held membership in the Communist party Professional Unit No. 122, under the party name of Sydney Empson."

Bank Robber Mowed Down By 8 FBI-Men

PORTLAND, Ore., June 16—(AP)—A convict just one day out of prison robbed a bank yesterday, then walked into the arms of the FBI. A wild gun battle followed.

Bullets flew about a busy intersection, cracking windows and hitting automobiles.

The battle ended with the convict, Wayne Long, 28, wounded twice, not critically, and one FBI agent, Leonard Frank, 30, nicked seven times by .45 caliber slugs.

The FBI explained the odd chance that put eight men at the scene. It wasn't that they were expecting a robbery. They were trailing Long in hope he would lead them to a prison friend, Omar Pinson, a life-terminer who escaped from the Oregon penitentiary.

Long was freed Wednesday after serving eight years for assault. The FBI recovered the \$9716 he got in the bank.

Child Consultant Permits Television

CHICAGO, June 16—(AP)—A child development consultant today urged parents of school-age children: "Don't ban television."

"That would put it in the glamorous category of 'forbidden fruit,'" said Elizabeth B. Hurlock, Th. D. of Philadelphia.

Writing in Today's Health, a magazine published by the American Medical Association, she said television is here to stay and children must learn to live with it.

"They must adjust their time so that their interest will not damage health, school work, preparation for their careers or their sense of values," she said.
